Project: Waste, Junk, Building Materials and Debris - Remove and Haul

"I went to ServiceMagic and by the time I closed your window I had received two phone calls from the companies you sent me!!! I chose Tom because he was very nice on the phone and gathered all the information to know exactly what I wanted done. Just by chance he had an opening that day!!!! Tom and his crew were very considerate and had my stuff hauled away in no time. I will always call Gray's for any service I need in the future and will recommend him to all I know. GREAT JOB TOM."

Project: Trees and Shrubs - Trim or Remove

"I am very pleased with my experience with Gray's Outdoor Service. The price quoted me was very reasonable for the amount of work that they had to perform. Thomas and staff showed up early to start the job, they worked continually throughout the day and the clean up process was extremely satisfying. Would highly recommend them to family, friends and anyone who is in need of service and I will definitely contact them again if needed. Thank you Thomas & staff for all of your hard work, it was a pleasure for me knowing that you were there to get the job done and fulfill your customers requests."

"Gave me a call right away, even on Labor Day, stated the price but because of the job taking longer than planned had to raise the price by \$50.00 They took very good care of my new storage shed and dropped it right where I wanted it. Very professional"
