"They cleaned up all the leaves in the front and back yards and took them away. A beautiful job for a fair price!"

Project: Trees and Shrubs - Trim or Remove

"My request for tree removal was fulfilled in a very professional manner. Tom Gray's crew did the work at the appointed time and left the area immaculately clean. The price was very competitive. I will definitely hire them again when I need additional outdoor work done."

Project: Pavers for Driveways, Patios, Floors, etc - Install or Replace

"I was first upset that the price went from 1800 to 2800 because he said that he had to charge cubic feet not square feet which he did not initially say and sounded like he was making up to get more money, Then, when the the people that he had do the driveway for him did the driveway he obviously did not tell them the dimensions that he and I had discussed because it was the wrong shape. I should not have paid him in advance because when I spoke to him about the issue he said "well the driveway is done now". He mentioned that having the cement truck come out a second time to finish the job THAT I PAID HIM FOR would cost too much. "

Project: Waste, Junk, Building Materials and Debris - Remove and Haul

"My finance thought he was a expert in waterproofing.. while he did a great job and dug everything out by hand with a shovel.. we quickly learned.... He was no waterproofer.. I contacted service majic and got instant service. Tom Gray called me back within 1 hour of contacting him.. AFTER hours.. We orginally contacted him to do a haul away of the waterproofing dirt..... Tom , showed up 2 days later.. and basically saved my sanity.. Hauled away and dropped off waterproofing gravel... then changed his schedule to help my finance finish the job! THE SAME DAY! Project COMPLETED :) We will use Tom for any upcoming projects.FOR SURE"

Thomas Gray from Grays outdoor services was flexible, prompt, and provided a quality job. My landscaping went from dull and overgrown to beautiful and manicured. His team was hard-working and delivered on the finished product. I can now look at my front yard with pride instead of running in the front door to hide. Thank you for an outstanding job.
